VOLUME 57 — THE TOWNSHIP REGISTER, NILES, CALIFORNIA, FRIDAY, NOVEMBER 16, 1945 — Number 46

WITH THE ARMED FORCES

Visiting at the A. W. Gorman home in Niles this week was Cpl. Don Mortensen, who came to pay them a call as the result of a friendship struck up in the South Pacific with young BUD GORMAN, who is with the Fifth Marine Division in Sasebo, Japan.

Mortensen told about the American boys giving up their seats in transportation vehicles to Japanese women laden with bundles and babies, and about the astonishment that came to the faces of the Japanese women as a result of this heretofore unfamiliar treatment by males. The Japanese men, however, resent this polite treatment of women by the Americans, feeling that it is an unspoken criticism of their own boorish manners.

—V—

M.T. Sgt. HERBERT CARR, after a year of life in the United States, has again taken off for foreign lands. This time he went to Hawaii, but doesn't know where he'll be sent from there.

While in this country, following a stint served in the Solomons, he was stationed at El Centro. For nine years with the regulars, he is with the flight engineers in a transport squadron. This is his third trip overseas.

—V—

F. 2|c FRANK SCAMMAN, son of Mr. nd Mrs. George Scamman of Irvington, left the States on August 25 and now is sending letters to his family from Nagasaki, where he serves on a supply ship.

Working from 12 to 16 hours a day is quite a stint, but he offers no complaints. At the time of writing he had not yet been allowed to explore the bombed city.

—V—

After 30 months overseas, ALBERT MARTIN is back home with a discharge. He had been in Australia and the Philippines. He is married to the former Adeline Amaral. His parents make their home in Alvarado.

—V—

Coxswain WILLIAM MEWENNEY of Irvington arrived home from Tokyo to spend a few days with his wife in Irvington, before pulling out for Tokyo again. He serves on a troop transport.

—V—

LEONARD LUCIO, who has been in France for more than a year, arrived home this week, much to the delight of Mrs. Lucio, who is employed at the P. G. & E. office in Niles.

—V—

FRANK G. SANCHEZ, S.O.M. 3/c, received his discharge at Camp Shoemaker. (An account of his experienced prior to discharge will be found in Mrs. Costa's column of news from Decoto, in this issue.)

—V—

GEIGER FIELD, SPOKANE, (Special to The Register).—Pvt. HERMAN C. MESQUITE, son of Mr. and Mrs. Alexander Mesquite of Niles, Calif., has begun training as an aviation engineer of the Army Air Forces here.

The many skilled subjects taught at the AAF Aviation Engineer School, such as repair and operations of automotive equipment, tractors and graders used in airport and highway construction, should prove of inestimable value as a future civilian occupation. Drafting, surveying and carpentry are some of the other subjects taught at the school.

Upon completion of his training, the new aviation engineer soldier will probably be assigned to an aviation engineer unit. These units are an integral part of the Army Air Forces and have as their mission the performance of all engineer work needed by the Air Forces in all theaters of operations.

Something new to military science, the Aviation Engineers' performance in this war remains to

(Continued on Page 7)

MORE STUDENTS AT HIGH THIS YEAR

A. K. Logan, president of the Washington High board of trustees, reported at a recent meeting of the board, that the evaluation of the school had been set by the Board of Fire Underwriters at $464,485, an increase over the previous evaluation.

Board members also discussed the average daily attendance of the first month of the school term which was 530, an increase of 37 over the first month of the school year, 1944-45.

LONELY DEATH FOR ITINERANT

At some time during the past, someone—a mother, a father, or perhaps a wife—cared for him, was concerned over the state of his health, would have been heartbroken had he died.

We're talking about the old man, an itinerant, who was picked up, dead, this week near the tracks at the Western Pacific depot in Niles. It is safe to assume that he, like everyone else, had someone who loved him, at some time.

But to have seen his forlorn and world-weary condition, would have led you to believe that he had become a man alone. His only identification was a social security card with his name, Alexander Alelunas. No pictures, no letters from friends or relatives. One can't help wondering about his past, and what led up to his solitary death—with neither friend nor relative to mourn over his passing.

Unlike many itinerants, however, he was affluent enough. In different spots upon his clothing he had sewn and zippered up a considerable amount of money, enough, in fact, to give him a nice burial in the cemetery at Santa Clara. The Berge Mortuary Company had charge of the funeral.

Oh yes, I believe we said he had no friends. We're forgetting. He did have a friend, Man's best friend, a little mongrel pup, who mysteriously disappeared when his master's body was taken away.

To the People of this Community

Leave it to the nation's school children to be on top of the ball when it comes to sizing up the war financing situation. From Pearl Harbor to V-J Day they dedicated each purchase and sale of war bonds to fighting equipment. Then the Japs quit. Schools at War instantly became Schools For Peace. The theme shifted from "Back the Attack" to "Speed His Recovery." The new goal was set at 35,000 hospital units, including a bed, wheel chair, X-Ray machine and surgical instruments.

Grownups could well listen to one of the millions of youngsters who are taking part in the Victory Loan. Even without a word from the young volunteer, you have one of the main reasons for buying extra Victory Bonds—the future of the "salesman" who may be your own son or daughter. Your war bonds have just helped to defeat the Nazis and Japs who would have educated your children for death. Your extra Victory Bonds will assure a brighter life for tomorrow's citizens.

THE EDITOR

FOUR INJURED IN HEAD-ON CRASH AT CENTERVILLE

Four persons were injured when two cars crashed head-on before Centerville Grammar school at 7:30 p.m. Monday.

Driver of one of the cars, Noah Miller, 22, of Oakland, was confined to Fairmont hospital overnight for chest injuries. Another passenger in his car, LaVerne Shuety, 21, of Santa Maria, was treated for multiple lacerations and contusions. Tolly Simmons, 23, of Gustine, received face abrasions, while Manuel Rodrigues, 20, of Richmond, received a lacerated scalp.

The latter two were passengers in the car of Jack Wright, 26, of Richmond.

Miller was alleged to have been over the white line on the highway.

READ THIS!

Because of the Thanksgiving holiday next week, The Register will be in the mails on Tuesday. The editors are asking your cooperation in getting the news in to the office, no later than Monday noon, and earlier if possible.

LEGION OBSERVES ARMISTICE DAY

Sixty-six township Legionaires observed Armistice Day last Monday with a turkey dinner in the Veterans Memorial Building in Niles. Included in this number were 26 veterans of World War II.

Principal speaker was Legionnaire E. Dixon Bristow. Short talks were given by Capt. E. C. Grau and Dr. T. C. Wilson.

In the course of the evening Commander C. M. Lyons called upon representatives of every branch of the military service for short talks.

At the close of the meeting, the veterans stood in silence for 30 seconds in respect to the nation's war dead.

IRVINGTON MAY ENLARGE CHURCH

By ELIZABETH H. SLOAN

The Churchwomen's Association of the Irvington Community Church not only spent a very pleasant afternoon in which they enjoyed delicious refreshments at the home of Dr. and Mrs. Durham, but they also heard important reports and made future plans.

The first report was on the plans being carried forward for their annual food and garment sale, which has usually come about the holidays. This year they are holding it in the office of R. J. Wright on the main street of Irvington on Saturday, Nov. 18. The preview we had of the aprons being made for this sale made us want to buy the whole lot of them; they are such appropriate Christmas gifts.

The second report was most gratifying. The association president, Mrs. Julian Schuldt, reported the sending off, via Red Cross, to the needy people of Europe in this one delivery over 400 garments.

This, with other deliveries previously made, makes over a thousand pieces of clothing which she has so kindly, patiently and skillfully processed for this one cause, besides almost a hundred pieces not suitable for European needs which have gone to the Salvation Army. The association voted her their very deep appreciation for the work she has done in this regard.

The third matter of importance was the discussion of the possible beginning of a church building fund. It will be 60 years this next spring since this little church was founded. Times have changed, and now, in order to meet the present day needs, the church should have not only an adequate Sunday School room and social assembly, but a parsonage.

A previous effort along this line brought enough funds to take care of vitally needed repairs and changes, but now it is a case of decided enlargement to meet the growth of the community, and the town cannot afford to miss the opportunity to encourage the good reputation of the community, it is of more value, even commercially, than any other factor, let alone the moral and spiritual values that mean more than the financial.

'NILES' SIGN TO BE UNCOVERED

The huge "Niles" sign which for the duration of the war—and since—has been obscured atop the hill behind Niles, will be uncovered and painted by the Niles Junior Chamber of Commerce on Sunday, November 25, at 1 p.m.

Register readers are familiar with the fact that the Junior Chamber was refused permission this summer to pass over certain property adjacent to the sign. The circumstance stirred up quite a commotion locally.

However, another property owner, Elmer O'Connell, has given the young men permission to cross his property to get to the sign.

So—the job will be done.

SMITHSONIAN MAN SPEAKS TO LIONS

An eminent geologist and a member of the Smithsonian Institute, Hugh A. Matier, was the guest speaker at the Tuesday night meeting of the Centerville Lions Club. His topic, "United States of China," was chosen because of his wide acquaintance with China and the Chinese people.

Mr. Matier, who has traveled nd lived all over the world, is presently a public relations man for the Union Oil Company.

Other guests of the evening were R. W. Hoffman, of San Jose, district manager of the Union Oil Company; Bob Ballinger of San Francisco, and E. A. Quaresma, Niles attorney. Frank Gould was program chairman.

During the evening Manuel Lewis gave an encouraging picture of the War Chest drive in Centerville. As Centerville chairman of the drive, he reports that the quota has almost been reached, in contrast to other township towns who report they are lagging behind the quota.

REGULAR ARMY OFFERS REAL OPPORTUNITIES

If your son, husband, or brother makes the decision to join the Regular Army, we want you to understand the sound reasons behind his choice.

High wages or salaries are not clear income. Your cost of living, such as food, clothing, rent, medical and dental care, taxes, and other expenses must be paid out of your income.

And what about the future?

In the Army our soldier is provided with excellent food and clothing and comfortable living quorters at Government expense. He gets free medical and dental care. He receives the benefits of the best of life insurance. He is given a month of furlough each year with full pay and allowances. He receives a five percent increase in pay for each three years service. He is given a generous cash allowance for each reenlistment. He may deposit his savings at a good rate of interest. He is allowed income tax exemptions. He is assured of retirement with good pay.

So, if your serviceman comes to you for advice on whether or not he should join the Regular Army, talk to him about it. Be understanding when he points out the definite advantages the Army has to offer him. And, above all, help him to make the decision that is the right one. For his and your security, choosing a Regular Army career is sound business.

For further information you may contact your local recruiting station located in Room 210 City Hall, San Leandro, or you may call LOckhaven 8-0466.

WASHINGTON GIRLS DEFEAT HAYWARD

It's a lively bunch of girls who play on the hockey team at Washington Union High. This week, in an exciting game that ended with a 1-0 score, the local girls defeated the girls of Hayward High on the Hayward field.

The two outstanding players for Washington were Beth King, who made the score, and Cora Perez.

Following the game, the girls were served cider and cookies by their opponents.

Mrs. Lois Nelson is Washington's coach.

'EDUCATION OR CATASTROPHE,' REES TELLS ROTARY

The world today is engaged in "a race between education and catastrophe," Jack Rees, district superintendent of Hayward elementary schools, told the Niles Rotary Club yesterday in a talk on "Education and Peace."

The danger to civilization which lies in the atomic bomb, he said, is so tremendous that world organization for the preservation of peace becomes the most important issue of decision which has ever faced humanity.

To live in a world in which also lives the constant danger of the atomic weapon, Rees pointed out,

JACK REES

the masses of people must be far better educated than they are today. Understanding is not possible without education.

The American people are proud of the fact that this country has by far the best educational system in the world, he stated; yet it is grossly inadequate in the face of the new challenges which confront a nation which wants to live in peace with the world.

Six hundred thousand men of draft age were rejected by Selective Service for illiteracy or other mental reasons, he pointed out. Today—after the war—one fourth of the children in the United States of school age are not in school.

This country can afford to spend much more for education than at present, according to Rees. Last year $5,000,000,000 was spent in the United States for liquor, $2,400,000,000 for tobacco, and only $2,300,000,000 for education.

Teachers' salaries in a number of sections of the country are lower than the salaries paid to charwomen in federal buildings.

Part of the reason for low teachers' salaries and low educational expenditures lies in the fact of unequal burdens of school taxes. Districts with large educational burdens have small tax bases. This situation can be corrected by equalizing financial burdens among various districts for educational expenses.

The speaker quoted figures of the United States Chamber of Commerce which prove that an educated population makes for greater prosperity of business.

"The cost of an adequate education," the Chamber of Commerce states, "is an investment that local citizens and business can well afford in increased measure, when related step by step to the improvement of local economic conditions."

Good education is simply good business, Rees concluded. But today we must realize more importantly that we are engaged, in the atttempt to arrive at an international world organization for world peace, "in a race between education and catastrophe."

GEO. OAKES BUYS WASHINGTON NEWS

Sale of The Washington News of Centerville was announced this week by Miles Smith, who has published the weekly newspaper, which he founded, for more than 20 years. The new owner is George Oakes of Hayward.

Oakes also publishes the Alvarado Pioneer and formerly has been publisher of the Southern Alameda County News of Livermore and the Hayward Journal.

Smith is not retiring entirely from the Centerville paper; he will continue to work for Oakes. An old resident of Washington Township, he first worked on the Township Register and also the now defunct Washington Press.

Niles Junior C. of C. Resumes Activites; Seeks New Members

Have you any ideas for improving Niles? Are there any changes you'd like made that would make Niles more livable? If so, the Niles Junior Chamber of Commerce would like to hear about it.

The Chamber, now that President Jack Parry is home with a discharge from the Army, is anxious to get its teeth into something. It is looking for action. At a meeting held last Friday night at the home of Ed Enos, it was decided to ask the townspeople for ideas. You furnish the ideas, and the Junior Chamber—if they're good ideas—will act upon them. These young men—the age limit for membership is 40—are not kidding. They're public-spirited. They, in line with the policy of wide-awake Chambers of Commerce all over the state, are all-out for progress in their home community.

If you have any ideas send them to Fred Duffie, secretary of the Junior Chamber, or to President Jack Parry, who is back again at the Central Bank. You need not sign your name, if you prefer not to do so.

The Junior Chamber decided to turn down the offer of the Senior Chamber to merge with them. The refusal was mainly because the Senior Chamber meets at noon and the Junior Chamber members find it difficult to meet at that time. They prefer night meetings.

The next meeting of the Junior Chamber, incidentally, will be held on Tuesday, November 27, at the Justice Court. In the meantime the executives are laying plans for a membership campaign, which they hope will attract additional members to their organization. Already there are over thirty paying members. There are also honorary members, who are over the age limit, and who pay only half dues, but may not hold a position in the organization.

The Junior Chamber is particularly anxious to attract, as new members, returning veterans, and new people of the community.

One of the imminent projects of the group is the annual Christmas party for Niles children which the Chamber sponsors every year. The date has been set tentatively for December 24, pending arrangements with Bill Helm who allows the youngsters to use the theatre for the affair.

HUSKIES WALLOP GILROY MUSTANGS

By Wayne Davis

The Washington Huskies, unbeaten in four league starts, rolled at random Friday afternoon, giving the Gilroy eleven a sound beating, 37-14. This win places Washington in second place, hot on the trail of the league-leading Los Gatos team.

Three of Washington's markers were made by Bobby Rose, Norval Peixotto and Harold Alameda on pass plays. Alex Bernard accounted for six points on an end run; Bert Madsen scored on an intercepted pass, and Alden Chamness took a Gilroy kick and ran 50 yards to a touchdown.

Gilroy's touchdowns came late in the game when the Washington second and third string provided the battle for the Gilroy forces.

Washington's first touchdown came when Norval Peixotto, right end, took a pass in the end zone. The attempted conversion was good. Another six points were added when Alden Chamness took a Gilroy punt and ran 50 yards to a touchdown.

Alex Bernard, ace fullback, crossed the goal line in the second quarter to rack up another six points on an end run.

Bert Madsen, Washington's center, intercepted a pass and scored standing up.

In the third quarter, Bobby Rose, star halfback, scored on a pass play to bring the score to 31-0.

Early in the fourth quarter Norval Peixotto took a pass that set up a touchdown on the next play. Harold Alameda took a pass in the end zone for the final score.

Gilroy scored on a long pass, with Boyd on the receiving end. Giminez added the point after the touchdown. The second score came when Valencia crossed the goal line on a line buck. Giminez again made the conversion good.

The game ended with Washington the victors, 37-14.

Washington will play Friday afternoon at Washington field. Their opponents will be Fremont High School from Sunnyvale.

MILLER OPENS DECOTO BRANCH

Opening of a branch office in Decoto was announced this week by Henry Miller, proprietor of the Miller Cleaning Service of Centerville.

The new Decoto business, the first of its kind, will open tomorrow at the corner of Decoto Road and Depot Road. In charge will be Bernice Dias of Alvarado.

Branches of Miller's business are now located in Niles and Alvarado, as well as Decoto. Edward Miller operates the Niles office and Clara Flores is in charge in Alvarado.

Employed at Miller's plant in Centerville are: Hazel Lang, Mary Russo, Gladys Johnson, May Costa, Daisy Ornelles and Hilda Lezando.

FLORIST SHOP OPENS IN NILES

Something to sweeten up, and brighten up Niles Main Street is coming to town. This Saturday, if everything goes according to schedule, Bernard Lopez of Hayward, will open his florist shop in the storeroom formerly occupied by the ration board.

Mr. Lopez, who has had a florist business in San Francisco, says he will be able to take care of your flower needs. He will have, in addition to cut flowers, funeral arrangements, wedding bouquets—all made to order of course—and corsages. He also plans to put in flats of bedding plants, depending on the demand.

SCHOOLS CLOSE NEXT WEEK

Because of the Thanksgiving holiday, and Teachers' Institute which will be held next week, all the schools will be closed for the entire week, to resume studies again on November 26.

The teachers will meet at Institute on Monday and Tuesday in Hayward, and on Wednesday in Oakland.

DOINGS IN DECOTO

By LEONTINE COSTA

Lt. Commnader Lewis Musick arrived home Tuesday afternoon. He came into San Francisco on the U.S.S. Pierce, and has applied for inactive duty.

It took 19 days to cross from Okinawa as the ship came through the Aleutian Islands and hit several storms. Musick says that they can have all the islands they want. He will take California and the little town of Decoto.

Frank G. Sanchez, S.O.M. 3/c, received his discharge at Camp Shoemaker after a very unpleasant journey trying to get back to the States.

He was eligible for discharge, so out in the South Pacific was transferred to the U.S.S. Dorsey to come back to the States.

Two days away from Okinawa they ran into a typhoon and were told to pull into port at Okinawa. The typhoon hit and they hung onto the ropes all night only to have their ship sink. They lost all their belongings but had no casualties on their ship. There were many casualties on the other ships, however. After two more transfers to other ships he finally made it home.

Jim Gonzales, Frilan Sanchez and Frank Sanchez left for Rio Vista with their boat, "Cookie," for a fishing trip.

Principal Eph Musick reports that the average daily attendance of Decoto School for the second month is 395. This is the highest record for a number of years.

After several months of trying to get something done about the mud puddle in front of the grammar school, the condition is being remedied.

(Continued on page 2)

THE NEWS IN NEWARK

BY LOUISE CHAPMAN

On Thursdy, Nov. 8, the Sewing Club gatered at the home of Mrs. Rose Peixotte in Centerville for an afternoon tea party. Those who enjoyed the delicious refreshments were Mmes. Adeline Santos, Caroline Brown, Josephine Harvey and Mary Gastelum.

A large crowd danced to the orchestra music of Murray Petersen last Saturday night at the pavilion at an affair sponsored by the Hayward Social and Civic Club. This Saturday the Irvington Firemen are holding their dance and are hoping for the same success. The music will be furnished by Dick Heinhart and his CBS recording orchestra.

The Boy Scouts cleaned the Presbyterian Church yard on Saturday, Nov. 3, which was their good deed for the month. The Scouts said the cokes furnished by Mr. Brown were mighty refreshing. November 10, fifteen Scouts gathered on the Newark Youth Center grounds and enjoyed a wienie roast.

Robert Manley, Ph. M. 3|c, grandson of Mrs. Leonora Nunes, is home from the Pacific Theatre of war. He is on a 30-day leave. Paul Manley, Chief Ph.M., his brother, is at Camp Shoemaker awaiting discharge.

Donald Graham, Chief Ph.M., has been discharged from the Navy. The son of William Graham, he entered service in 1942 and during the war served at the White House as well as being in action in the Pacific. On V-J Day he was en route home from the Philippines but his ship was called back to help transport troops to Japan.

(Continued on page 2)

NEWS IN NEWARK

(Continued from page 1)

Mrs. R. V. Neighbors of Lucern, Lake County, is visiting with Mr. and Mrs. John Kellerman. While here, she has also spent some time with her husband, Lt. Neighbors, who is on the U.S.S. Chandeleur at Hunters Point. The lieutenant is hoping for a long stay here after spending 18 months in the Pacific.

On November 6, Mrs. Flora Martel gave her daughter Laura a farewell party. Miss Martel has left for Savannah, Ga., to become the bride of William Gainous, formerly of the Navy. The gifts presented by her friends were several pieces of luggage.

As scheduled, 13 Sportsmen went on their fishing trip Sunday. The trip took them to Frank's Tract, supposedly a good fishing spot, but reports are that the fish just weren't biting. The Sportsmen making the trip enjoyed themselves and are already looking forward to next year's fishing trip to be sponsored by the club.

It will be a double-ring ceremony for Miss Florence Freitas, daughter of Mr. and Mrs. J. A. Freitas, who will be married to Herbert Lacy of Alameda on Sunday, Nov. 18, at 2 o'clock.

The wedding will be held at the St. Edwards Church, with Father McLaughlin officiating.

The bridegroom-to-be was formerly a staff sergeant with the Army and was overseas for two and a half years, stationed at Iran.

On Monday, Nov. 26, at Anderson's Hall in Centerville, Mrs. Dora Meyers, Grand Arch-Druidess, will make her official visit to the Victory Circle No. 106 of U. A. O. D. Mrs. Lois Paul, Arch-Druidess, of Centerville, will preside at the meeting.

There will be initiation of new members and Star Team will present the initiatory ceremonies. Mrs. Mary Gastelum and Mrs. Emma Dias, both of Newark, are in charge of all arrangements. Several San Francisco grand officers are expected to attend.

The Empire Mine in Nevada county has over 190 miles of underground tunnels.

DOINGS IN DECOTO

(Continued from page 1)

Thanks to the efforts of Dave Janeiro, we will have a fine paved street surrounding the school.

Mrs. Ray Orosco of Ray's Market is visiting relatives and friends in Mexico. Mr. Orosco's brother is helping him in the store during her absence.

Mrs. Jean Nunnally spent the week-end with Dorothy Musick. She brought Carolyn Musick a cute white puppy for a playmate. This was a belated birthday gift.

Mr. and Mrs. Jim Park are entertaining for their grandson, Jim Morgan, A.R.M. 2/c, at their home. He has a 30-day leave, part of which he expects to spend with his mother at Muskagee, Okla.

Pfc. Frank Paniagua is on his way to Camp Beale for discharge. He arrived last Wednesday in Virginia on the James T. Hill. He telegraphed his parents to say that dear old Decoto was what he has hoped for for three long years and just can't wait till he arrives.

He was in the Tunis campaign and went right along to Italy and was at Modena when the end came.

Clyde Jackson spent Armistice Day visiting his daughter, Mrs. Ethel Avilla.

Mr. and Mrs. Charles Brown spent the week-end at Santa Cruz with a former school chum, Mrs. Minnie Clarie Woosley. They reported that the weather was perfect at the beach city.

Mrs. Walter Avilla received a telegram from her WAC friend, Billy Matice, that she is at Camp Beale awaiting discharge. The Decoto social club entertained for Sgt. Matice on her visit to Mrs. Avilla's earlier in the year.

Mr. and Mrs. John Delcrew went to Sunnyvale over the holidays to visit Mr. Delcrew's parents.

Mr. and Mrs. Frank Rebiejo celebrated their first wedding anniversary at their home on Fourth Street. Mrs. Rebiejo is the former Josie Ramos.

Katherine Ruis has left her job at the Fourth Street Market to be with her husband, who has just been given a discharge from the Navy. Josephine Rebiejo is the new clerk.

Dave Janeiro, custodian at the grammar school, is in bed with a slight case of flu. All his friends and the school children hope he will be back on the job soon.

Ed and Bee Costa of Newark were visitors of the A. L. Costa family last Sunday.

IRVINGTON FIREMEN SET FOR BIG DANCE

Tickets are selling fast for the big annual Firemen's Ball to be held this Saturday by the Irvington firemen at Newark Pavilion.

A big crowd is expected to dance to the music of Dick Reinhart and his C.B.S. recording orchestra.

Manuel Guardanapo has charge of arrangements.

In the past six years, the United States has approximately doubled its tanker tonnage, so that it now has about 65 per cent of the world's total.

Farmers Have Less to Worry Them This Time

Washington, D. C.—Farm prices stand at 206 per cent of the 1909-1914 average—higher than the prices of 1918—and will drop again but not as sharply as in 1921 because the Government is required by law to maintain support prices of at least 90 per cent of parity for two full calendar years following the year in which the war ends, The Department of Agriculture has announced.

The announcement indicates the farmer will not be a victim of a drop in prices similar to that which followed the last war in 1921 when prices hit the low of 115 per cent of the May, 1920, level which was 235 per cent of the 1909-1914 level. Thus the farmer will have more money than after the last war.

War Finance Committee officials said that in addition to the maintenance of the price level for two years, that non-farm families already have, and are accumulating, weekly savings through the Payroll Savings Plan of the War Finance Division of the Treasury. This, they claim is proof the non-farm front will be much better able to support itself than after the last war during the normal lull of reconversion. Buyers of farm products will have the money to buy, it was said, and farmers should avail themselves of the opportunity to acquire War Bonds during the Victory Loan so as to have the money with which to modernize and handle the non-farm market demands that will be backed with cash to pay sustained prices during the two years after fighting ceases.

The Payroll Savings Plan has sold $18,000,000,000 in War Bonds to wage earners, that great bulk of non-farmers who will, if need be, enjoy the fruits of their savings in the reconversion period and have the cash with which to support themselves.

Secretary of Agriculture Clinton P. Anderson adds that "prosperity of the farm depends primarily on purchasing power in the city."

CHRISTMAS PLAY FOR COUNTRY CLUB

"The Christmas Gift" is the play chosen by the Drama Section of the Country Club to be presented to members and guests of the Country Club at the December meeting, which will be held on December 11.

In addition to the Christmas play, in which carol singing is included, a duet will be sung by Mrs. Harriet Thornburg and her brother, Rev. Joyce Farr. Reverend Farr will also give a Christmas reading.

Plans for this Christmas program were completed at the regular meeting held last Tuesday at the home of Mrs. Walter Connolly. Assisting Mrs. Connolly as hostesses were Mrs. Allan Hirsch and Mrs. Howard Overacker.

The following were named on committees to take charge of the Christmas program: refreshments, Mrs. Irving Hird and Mrs. Ted Harvey; decorations, Mrs. Allen Norris and Mrs. Allan Walton; clean-up, Mrs. Howard Overacker, chairman.

MILLIONS OF TONS OF AMMUNITION FOR WAR

Ammunition production between January 1, 1940, and July 31, 1945, totaled 17,886,398 tons, or the equivalent of the explosive effect of 895 atomic bombs, the Ninth Service Command ordinance office announced today.

REMEMBER TONIGHT!

You haven't any date for tonight? (Friday.) No? Well, here's just the thing for you. Why sit home and twiddle your thumbs, falling asleep by your radio? Don't get in a rut. Go out and have a good time for yourself. Where? Why the Irvington P.T.A. card party! It's being held in the Irvington school auditorium, starting at 8 p.m. You can play pedro, whist, or bridge. And—sh-h-h! —you might come home with a turkey! It's worth trying for, isn't it? And you'll have lots of fun.

NIGHT SCHOOL TO BE OPEN NEXT WEEK

Warren Gravestock, principal of the evening high school, announced this week that the night school will continue in session Monday, Tuesday and Wednesday evenings. It will not, as the day school, close for the entire week.

SAFEWAY has everything you'll need for HOLIDAY BAKING

The easy-to-blend flours, the smooth, wholesome shortenings, the spices, fruits and flavorings . . . yes, all the so-good ingredients you'll need to bake real, old-fashioned favorites are here. And home-baking will be in special demand this homecoming holiday time. Just glance over the Homemakers' Column at the left for ideas—then check the values below . . . they're tops in quality but low in price.

How to enhance your holiday baking

The stand-by recipes for holiday baking have a new taste-thrill when you add an ingredient that is different and tantalizing in flavor. An ideal pastry for mince, pumpkin and apple pie is:

ORANGE OR LEMON PASTRY

To your standard pastry recipe add 1 to 1½ tablespoons of grated orange or lemon rind to the flour and shortening mixture. (Part orange or lemon juice may be used for the liquid.)

Or you might like a change from Pumpkin Pie to Sweet Potato Pie. Here is my favorite recipe:

SWEET POTATO PIE

2 cups mashed sweet potatoes
3 eggs
1 cup sugar
1 tsp. mace
½ tsp. salt
1½ cups milk
⅓ cup orange juice
1 tbsp. lemon juice
2 tbsps. grated orange rind
½ cup melted butter
Unbaked pastry shell
6 tbsps. sugar

Boil potatoes in jackets, peel; mash and measure. Separate eggs, beat yolks until light; add sugar mixed with mace and salt. Combine with sweet potatoes; add milk, orange juice, lemon juice, orange rind and butter. Place in unbaked pie shell. Bake in hot oven (450° F.) for 15 minutes; reduce to moderate oven (350° F.) and bake 45 minutes longer. Make meringue with egg whites and 6 tbsps. sugar. Spread roughly on top of pie; return to oven; bake in moderate oven (350° F.) 15 minutes. Makes 1 9-inch pie.

Or what about a simple pudding—one that has sheer elegance of flavor! Serve your favorite sauce with:

QUEEN'S TASTE PUDDING

1¾ cups flour
2½ tsps. baking powder
¼ tsp. salt
1 cup sugar
⅔ cup milk
⅓ cup softened shortening
1 egg
1 tsp. vanilla extract
⅓ cup sliced maraschino cherries
⅓ cup chopped nutmeats

Sift and measure flour; sift with baking powder, salt and sugar into large bowl. Measure milk into cup and add enough shortening to bring it to the 1-cup mark. Pour milk and shortening into bowl containing the flour; add unbeaten egg and flavoring. Beat with rotary beater for 1 minute, or until batter is smooth. Add cherries and nutmeats; mix. Pour into well-greased cake pan (8 x 8 x 2). Bake in moderate oven (350° F.) 25 minutes, or until done. Serve hot with your favorite sauce. Serves 8 to 10.

Last Chance

Both labor and management will be definitely on the spot if improved industrial relations do not result from the Washington labor conference. Their success or failure in achieving greater harmony can well spell the difference between prospeity and progress or doles and depression in the years immediately ahead.

Industrial strife between employers and employees has already been carried to the point where it seriously threatens the recoversion program. So the need is for agreement not only in principal but in actual practice.

If labor and management cannot reconcile their differences, if they cannot learn to give and take in the democratic spirit, then both the free enterprise system and labor unions as they now exist are in jeopardy.

Why? Because continued disagreement may well result in an era of industrial warfare which will produce atomic results. And this warfare could lead to laws that would put both capital and labor under the complete dictates of the government.

So employer and employee representatives now have what may be their last chance to put their house in order, or find themselves in the street with the government taking over in order to prevent complete chaos and economic collapse.

President Truman has made it clear that he prefers to let labor and management work out their own problems. They can do this if each faction will put aside pettiness and prejudice and make a sincere effort to understand the other's viewpoint.

Our fighting men made incredible sacrifices to win the war. It is unthinkable that we would now permit selfishness to prevent us from winning the peace.

Fido—Psychiatrist and Pal

A friendly puppy is the best assistant a psychiatrist can have in treating a mentally sick child, according to Dr. Kathleen K. Stewart, of the Langley Porter Clinic of the University of California. Children who do not respond to overtures from any person sometimes will form an affectionate companionship with an animal, she reports, and this friendship may prove the first step toward adjustment to human relationships.

Fido is not only a first-class psychiatrist (j.g.) with ailing children but also with youngsters tending toward delinquency, we hear from Grover Sellers, Texas attorney general. He says the boy delinquency problem would be solved if every kid were given a dog, because the boy's interest in the dog would keep him out of mischief.

Add to this the testimony of millions of youngsters, neither sick nor delinquent, that a dog, irrespective of size, shape or ancestry, is a boy's best pal—and you come to the conclusion which isn't profound but which is a comfort in a world so afflicted with evils and things we don't like.

The dog is here to stay.

Twenty-two Jap soldiers and a Geisha girl came out of the wilds on Guam and gave up on November 2, after reading in Life magazine that Japan had surrendered. That is circulation!

LOCAL REBEKAHS AID VETERANS IN JOB TRAINING

According to Ivy W. Cull, District Deputy President of District 53, I. O. O. F., the Niles Rebekahs will cooperate to the fullest in raising funds for the building to be erected at Yountville where disabled California war veterans may be trained in remunerative trades. Local Rebekahs on the committee are Mildred Barber, chairman, Anna Bradford and Rose Stearns.

This building, fully equipped, will cost $250,000, and will be dedicated to the Odd Fellows and Rebekahs of California who have lost their lives in the war.

Irvin R. Snyder, State Commander of the American Legion, has just announced that approximately one-half of this sum has already been raised by the subordinate lodges and the Rebekah Lodges of California, and plans for constructing and equipping this Occupational Therapy Unit at Yountville are being drafted by State Architect Anson Boyd at Sacramento.

Trades to be taught will include automotive and airplane mechanics, carpentry, sheet metal work, electrical and radio work, plumbing, painting, and similar trades.

Mr. Snyder described the project as "the finest possible type of practical assistance to our returning service men," and declared it would benefit a group of veterans who for the most part would not receive occupational training in any other quarter.

The fund raising is being directed by officers of the Grand Lodge and Rebekah Assembly of California, and the field work is being done by a committee spread over the state. Every Odd Fellow and Rebekah Lodge in California is taking part in, and doing its share to raise the amount necessary.

OUR READERS WRITE

November 13, 1945.

Editor, Township Register:

Just a word of congratulation and a "pat" on the back for that excellent editorial relative to the new highways near Warm Springs.

If every individual and organization follows your appeal and writes that all important letter, the future safety of our motoring public is assured.

Again, Mr. Editor, here's my hand for a job well done.

Sincerely,
E. Dixon Bristow.

More than half of the estimated 100 million automobile wheels now rolling on American streets and highways are doing so on synthetic rubber.

MISSION SAN JOSE NEWS

WITH LOIS JUSTUS

A surprise baby shower was given for Mrs. "Tony" Santos, the former June Santana of Irvington, on November 7, by her sister, Lorraine Santana, at the home of her parents, Mr. and Mrs. Jesse Santana of the Durham Road.

The table was decorated in pink and blue with a huge bouquet of pink baby roses in the center. On the large pink-and-blue cake was written "Good Luck, Sis." All the lovely gifts were placed in a big basket decorated to represent a bassinet.

Those present to wish the mama-to-be every happiness were: Mrs. Buena Bibby of San Jose, Mrs. Mary Ann Robello and Miss Lillian Jorgensen of Irvington, Mrs. Margaret Reithmuth of Newark, Mrs. Margie Silva of Hayward, Mrs. Jesse Santana, and the hostess, Miss Lorraine Santana.

A delicious luncheon was served to the guests at the close of the festivities.

Joseph Thompson, former U .S. Navy submariner on the S.S. Gato, spent the week-end here at the homes of Mr. and Mrs. Manuel Phillips and Mrs. Grace Meyers. He is going to make his permanent home around this part of the township.

Mrs. Arthur Fonseca informs your correspondent that her husband, Arthur, somewhere in Japan, has been promoted to T/5 in the Quartermaster Corps. He drives one of Uncle Sam's big trucks.

Miss Nellie Warren of San Francisco and her fiance, Johnnie Huddleson, a very newly discharged vet from 30 months in the European Theatre of the war, visited her parents, Mr. and Mrs. Frank Castro of "Our Place," on Sunday. Miss Warren announced her wedding plans on that day. They expect to be married on December 2 in San Jose at the Episcopal Church if all goes as planned.

S 1/c Herbert F. Santos, son of Mr. and Mrs. Antone Santos Jr. of Ellsworth, surprised his folks the other morning by appearing at home. He had been given a 48-hour pass as his ship was tied up in San Francisco. He went back early Saturday morning.

Sporting a huge pocket full of cigars and bursting the buttons off his shirt, Johnnie Feliciano appeared at the postoffice last Saturday and made known the fact that he was a proud "popper" of an 8-lb. 5-oz. boy at the East Oakland hospital. Little Alvin Kent arrived on November 9, mother and son doing nicely and Joy Ann Feliciano, the big sister of four years, awaiting anxiously at home for that new playmate to put in an appearance.

Frank Silva, U.S. Navy at a camp in Nevada, is home at the Williams residence recovering from a broken arm sustained in an accident. He was riding in a taxi with another sailor when they were struck by another vehicle. He got 15 days leave.

Happy birthday "Bud" was what was wished Morris "Bud" Tetrick, U. S. Navy at Shoemaker, on Monday evening, November 12, when his wife, Louise, gave a dinner party for her soon-to-be civilian husband. All the gifts were "civies" to give him a good start. His two daughters, Maralyn and Carolyn, and Teddy and Jack Perreira enjoyed a lovely dinner followed by the cutting of the BIG birthday cake and ice cream.

Thinking Things Over . . .

By VIVIAN BATMAN

QUIP OF THE WEEK

Mrs. Crabill (telling about the plea of the Red Cross for women of our community to make robes for the hospitalized veterans) ". . . and," she said, "Mrs. Waltenberger tells me that over a million robes are needed, so we're hoping that a large number of women will come to the Guild Rooms of the church Wednesday and help sew them."

"Good gracious!" exploded D. Q. "Do they all have to be made HERE?"

OUTWITTED

My 11-year-old son came up to me the other day with a triumphant gleam in his eye, "Well, Mom," he said, "I'll bet you don't know the names of the Three Musketeers."

I looked at him suspiciously. "What is this?" I asked. "A gag?"

"No," he said. "But do you—know the names of the Three Musketeers?"

I was embarrassed. I cudgeled my brain. This is awful, I thought. I can't expose my ignorance this way to my sons. What was the use of reading, anyhow, if you can't remember simple things like the names of the musketeers.

I hedged. Mothers resort to hedging quite often I've noticed. "Don't bother me now, please," I said, "I'm thinking of something else right now."

"But Mom, I know!" he announced triumphantly.

"You do?" I looked at him with a certain amount of disbelief. "What are they then?" I said. "Let's see if you know."

He reeled off the names as though they were names he'd heard every day in his life.

I regarded him with something akin to awe. After all, he is no quiz kid. "Well, you do know them, don't you?" I admitted.

"Yeah," he said, with that gleam in his eye. "And guess how I learned 'em. In a funny book! Yes sir, in a little ol' funny book! And you're always saying they never do me any good, and that I'm wasting my time." His eyes took on a hopeful look as he added, "And now, Mom, can I go down to the store and buy one?"

"Buy what?" I asked vaguely.

"Well, gee, Mom, a funny book of course!"

How could I say "no" after a campaign as subtle as that?

BOUQUETS TO MRS. WHIPPLE

Bouquets this week to Mrs. Laura Whipple, for the plea she made before members of the Toyon Branch to support local merchants. This little lady is a one-woman chamber of commerce. She's certainly right about what she says in regard to buying as many things in the township as possible. We take money out of this town in our businesses and jobs. Why not give it back to the town? And don't forget that your home-town paper is also a home-owned industry, and also needs your support, even if it's nothing more than your moral support. (We wouldn't be human if we didn't get that plug in.)

MORE BOUQUETS

And while we're passing out bouquets, let's give a nice big one to Tom Maloney, Centerville grammar school principal. For almost two years now, there has come in the mail from the Centerville school, the school news written, by hand, by different school reporters. The news is written with care and shows painstaking effort. Parents are interested in what is going on in schools. They appreciate the opportunity that is afforded them to keep abreast of school events, The youngsters, under their teachers' and Mr. Maloney's supervision, are doing a fine job with the news. We hope they'll continue indefinitely.

A POIGNANT STORY

I took my boys into Mr. Stinhilver's studio the other day to have their pictures taken. A poignant little story unfolded right before my eyes while I was in there. A little lady, of mature years, had come for her wedding pictures—pictures of her and the groom, and the couple who had stood up with them. She seemed sad. I found out why. The wedding had been on a Wednesday. The groom, in his seventies, had passed away the following Saturday. The little bride, I imagined, will cherish that photo, as a reminder of a real, though so brief, happiness.

THE GOOD OLD DAYS

Mr. Henry Dusterberry, grand old man of Centerville, told us a little of his life in the early days here in the township. Born here 80 years ago, he has seen life, and the changes that time has wrought, pass by in kaleidoscopic panoramas. "Things are different now," he says, smiling remincently. "Why, when I went to the old Centerville school, the boys were old enough to grow beards. We didn't have any graduation. We just stopped going, when the books wore out, or when we got too big for the seats."

Long Distance calls are still at an all-time high on the Pacific Coast

But we're working night and day to bring service back to normal

Here on the Pacific Coast, Long Distance telephone calls are still at the same high level they reached just before Japan surrendered. That is why . . . even though we are already making headway in bringing service back to prewar standards . . . there may still be a delay before we can complete your Long Distance call, or the operator may ask you to limit it to five minutes. We want you to know, however, that we're doing everything possible to hurry the day when we'll again be able to handle promptly any Long Distance call you want to make . . . anywhere.

The Pacific Telephone and Telegraph Co.

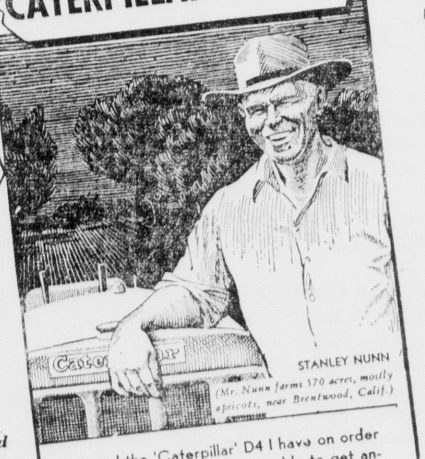
ANNETTE'S

978 B STREET HAYWARD

We like it, too, Mr. Nunn

"...I'M WILLING TO WAIT FOR MY NEW 'CATERPILLAR' DIESEL"

Mr. Nunn said this many months ago:



STANLEY NUNN
(Mr. Nunn farms 570 acres, mostly apricots, near Brentwood, Calif.)

Mr. Nunn placed his order with Peterson Tractor & Equipment Co. in May, 1944. It took 14 months for his application to go through the W.P.B. and shortly before restrictions were lifted, the Board released his D4.

"I need the 'Caterpillar' D4 I have on order very badly. Sure, I might be able to get another make of tractor just a little sooner because so many other farmers want 'Caterpillar' Diesels, too, but I want more than just a good tractor. I want the top-notch parts and repair service that comes with every 'Caterpillar' track-type Tractor.

"The seriousness of a breakdown during my busy season, when a working tractor might mean the difference between profit and loss, is offset by the quick attention I get from my 'Caterpillar' Dealer. That's why I'm willing to wait for my new 'Caterpillar' Diesel."

STANLEY NUNN was happy the other day (October 5) when we delivered his new "Caterpillar" D4, but no happier than we were to see him get it.

The delivery situation is improving . . . not as fast as we or you would like to have it . . . but more and more "Caterpillar" Diesel Tractors are being shipped to us by Caterpillar Tractor Co.

You can rest assured that the "Caterpillar" people are working just as hard to supply you with "Caterpillar" Products as they worked to keep 'em rolling to our armed forces during the war.

We think that years of good tractor operation plus our convenient parts and service facilities will prove that Mr. Nunn's wait for his "Caterpillar" D4 was worthwhile. That's why we say, "Keep your eye on 'Caterpillar' Diesels—they're worth waiting for."

FARM NEWS
AGRICULTURAL EXTENSION SERVICE

COW TESTING UPSWING EXPECTED

During the war, many dairy herd improvement associations in California were forced to suspend, when many of their former cow-testers went off to war.

Already signs of renewed activity in cow testing are evident, and G. E. Gordon, specialist in dairying of the Agricultural Extension Service, expects by this time next year the number of association will once again be definitely on the upswing. He points out that the association records for the ten years before the war have demonstrated that, come good times or bad, the high-producing cows are the ones that bring in the most income over the cost of feed.

Since the most practical way to get such records is in cooperation with other farmers through a dairy herd improvement association, Gordon believes that more farmers will form associations in the near future.

SONS OF PROVED SIRES

The ninth annual list of sires proved by the Dairy Improvement Association has been prepared. This record gives the evidence by which the dairy farmer can judge the breeding worth of each bull listed. That evidence is the milk and butterfat production of at least five unselected daughters of each bull compared to the milk and butterfat production of their dams.

If the daughters of a bull produce an average of 25 pounds more butterfat than their mothers, their sire is considered to have raised production in the herd. If the daughters fall 25 pounds below the butterfat record of the dams, that is taken as pretty good evidence that bull has lowered production in that herd.

Some bulls mated to very high-producing sows have daughters with very considerably higher records than the dams. Often by the time the daughters' records are complete, the proved bull is no longer alive. When a good proved bull cannot be had, the next best situation is one of his sons from a good cow. A proved bull that has shown that he transmitted high production to his daughters is likely to have transmitted the same inheritance to his sons also.

BEWAREOF THE FALL COLD!

Too much holiday dinner may mean a cold.

Overeating, fatigue, and exposure are common causes of colds, says Mrs. Maryetta W. Holman, home demonstration agent. She offers a leaflet of the Agricultural Extension Service on Reducing the Number, Severity, and Duration of Colds.

This leaflet tells what a cold really is, gives a list of factors which contribute to bringing on a cold, and a list of aids for preventing colds.

This leaflet was prepared by Hilda Faust, nutritionist, of the Agricultural Extension Service, and approved by the medical authorities associated with the University of California Medical School.

If you'd like to have one of these circulars, it's available to you at no cost through the local offices of the Agricultural Extension Service, basement Post Office building, Hayward. Phone Hay. 176.

DAIRY SUPPLY OUTLOOK FOR 1946

Even with dairy pastures rated second-best on record, dairy farmers have fed their cows more grain and other concentrates this year than ever before, according to Farm Advisor T. O. Morrison.

Largely due to the liberal feeding, the average milk cow in the United States will probably top her previous high record of three years ago.

At the beginning of next year, farmers may have about as much feed concentrates per cow as they had at the start of this year. But they will have some fewer milking herd than the year before, and the early summer report of farmers to the U. S. Department of Agriculture indicated the number of milk cows in herds was already down about two per cent.

If dairy production payments are continued through 1946 and if pastures are good again next year, says G. E. Gordon, specialist in dairying of the Agricultural Extension Service, dairy farmers may get almost as much milk per cow as they have this year when cows have done better than ever before. But with fewer cows, total milk production next year will fall below this year. However, the military won't be buying nearly as much dairy products, and exports may go down, too.

NEED TO CLIP WOOL COSTS

During the next few years of peacetime adjustment, wool growers seem likely to face some keen competition.

Competition will come not only from wool grown in other parts of the world, but also from rayon and other synthetic fibers made in this country, says Farm Advisor T. O. Morrison.

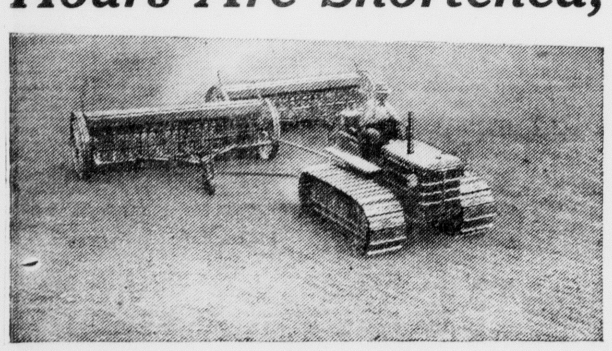
Hours Are Shortened,



Fuel Costs Lowered with the INTERNATIONAL T-9

Farm production is being stepped up throughout the country by the many farmers who have turned their work over to an International T-9 TracTracTor. They've found a great deal more work can be crowded into a day's time with one of these sturdy crawlers—*at a cost that makes a real savings!*

You have a choice of two engines in this model—either a combination gasoline-distillate engine or a high-compression type. No matter which you use, there's a great deal of satisfaction from sitting in the T-9's comfortable seat watching tools do a capacity job under all conditions—and getting full benefit from dependable International performance.

Ask for a demonstration on the T-9—or its DIESEL twin-brother, *the TD-9.* Then there are other TracTracTors—T-6, TD-6, TD-14, and TD-18. Say the word and we'll show you what a real crawler can do.

STRAN-STEEL BUIL

"Quonset 40

$3200 FOR A 40'x100' BUILDING (F.O.B. CARS CAL

Framed with steel and covered with steel—proof against sagging, warping, rotting and termites—the forty-foot-wide "Quonset 40" gives you the finest, most durable building ever produced for farm use. Yet, with all its obvious advantages of strength, permanence and fire-safety, this quality steel building *costs no more* than a wooden building of comparable size.

The answer to the low cost of the "Quonset 40" lies in the *efficiency and economy* of the Stran-Steel arch-rib framing system, with its patented *nailing groove* in studs and joists that permits siding and roofing to be *nailed on* speedily and permanently. Stran-Steel construction has been tested and proved in tens of thousands of military "Quonsets" produced by Great Lakes Steel Corporation for the armed forces.

It provides you with a building th the ground up"—sturdier, longer erect, use and maintain.

The standard "Quonset 40" is a c 40' wide and as long as you want it etc.—with a free-rolling 12'x12' windows and ventilating louvers i Through the adaptability of the St system, it is a simple matter to p windows on the sides, ventilati interior insulation.

If you are planning on a new build you can get *more value* for your mo quality, uniform-strength "Quo or wire for complete informati Stran-Steel building now.

"Quonset 20"

Same quality features of construction and material in a 20'-wide Stran-Steel arch-rib building. Length to meet requirements—24', 36', 48', 60', etc. Walk-door and two windows in each end-panel—additional windows in sides if required. Fire-safe, sturdy, adaptable to scores of farm uses.

"Quonset 24"

An ideal building for implement, auto, truck or farm produce storage. 24' wide by any length, in extensions of 12', the "Quonset 24" is available with or without front sliding doors or solid front panels. Walk-door and windows for end-panels, as well as solid steel interior partitions for any 12' section, are also available.

YOU NAIL TO STRAN STEEL

...Gus Talks Back...

Dear Zilch:

So you don't make with the G.I. talk? Suppose I should study some foreign language just to make pleasant talk with you.

I hope to be out of this man's army and back to my old rank of civilian first class by the time I see you again but please don't ask me to go to work. I want to sleep for two weeks, then play a few ponies, hunt a few ducks and pheasants and then get me a good job in a suds factory testing the brew; with two hours for lunch.

I can dream, can't I?

I know you are anxious to hear more of my trip across country.

We left right after Eagle Day and money bags had made the rounds with the scandal sheet so everyone was well heeled and no one was hurtin'. There was plenty of happy cabbage and white money so we had a little sortie with the galloping dominoes. I had trouble with "fever in the Swamp" and "Little Joe," but managed to pile up some legal lettuce.

I have missed my fan mail and sugar reports from you-know-who, but I will sweat it out until I get home. I'll get away from the wailing well and tell it to Mother Machree or the chaplain; so on with the story.

We spent most of our time batting our gums and shooting the breeze, and between eating and sleeping we all suffered from bunk fatigue.

I hoped to go via sky but New Orleans was our first stop so we put on our swanks and went on skirt patrol. Some of the shoulder brass knew some biddies and of course they handed out a snow job and they (the gadgets) looked all mowed under when the rattler pulled out. We left late and the coal jockey had to bend the throttle trying to pick up time. Some of the boys had taken on a load of tiger sweat and they really put in some flying time until jubilee. Along the road we picked up cars of Girenes and Dune leapers with some back seat drivers in charge. The pill roller on board was kept busy doctoring the pelicans who had taken aboard too much pogie bait.

We came in on the iron beam and hit L. A. after the sidewalks were taken in so I have time to drop these few lines. I'll be home soon and back to picket duty if the rumors I've been hearing are on the up and up.

Best regards,
GUS.

Sportsmen's News

"Polution of our public waters has become of paramont concern to all governing bodies—county, state and national."

So states the Pollution Committee of the Associated Sportsmen of California through Chairman Len Tibbott of San Rafael. As proof of this contention the committee cites the so-called "Mundt Bill," now pending in the U. S. House of Representatives.

This bill, which the Association has recommended for passage, will set up a system which in the course of time will effectively curtail a great deal of contamination of inland waters and bays.

The Isaac Walton League of America is also backing this bill as are most civic groups interested in preserving public health and recreational areas.

It is believed by the association that an eventual state-wide plan must be evolved to completely control such pollution as: dumping of industrial wastes of any and all nature; trailings from dredging operations; refuse of all descriptions from canneries or factories; pumping of ships bilges and dumping of ballast into restricted bays or other areas; and finally, raw sewage disposal.

In September 1861, a little group of Bactrian camels from the Gobi Desert, Mongolia, were driven from San Francisco to Nevada where they were used for transportation purposes on the Comstock Lode.

REBEKAH NEWS

Mrs. Iva Marble of Niles Rebekahs made her monthly trip to Shoemaker Hospital on Hallowe'en. Among those from the local lodge who went along with her were Mrs. Evelyn Rose, Mrs. Ivy Cull and Mrs. Dovie Bates. The pumpkin pies they took along were certainly welcomed by the boys.

The members of Necona Theta Rho Girls' Club met in regular session Tuesday evening in the Guild rooms of the Congregational Church, with Pat Mohn, president, presiding. Refreshments were served at the colse of the meeting by Audrey Vestal and Barbara Neighbors.

Niles Rebekah Lodge will meet this evening at Odd Fellows Hall, Niles, according to Olive Pugmire, noble grand. Second nomination of officers for the coming term will be held during the business session. The social hour is in charge of Iva Marble, Dovie Bates, Maude Silers and Alice Leask.

SHEEPMEN TO HOLD 85TH CONVENTION

California sheep raisers are meeting at the Palace Hotel in San Francisco today (Friday) for the 85th annual convention of the California Wool Growers Association.

The program of the meeting, streamlined because of the continued congestion in the bay city, will deal primarily with present and future problems of producing and marketing lambs and wool, according to J. L. Sawyer of Oakdale, association president.

Four panels, composed of state and national experts, will analyze the major problems confronting the industry—lamb marketing, wool marketing, grazing and predatory animal control—with California sheepmen getting an opportunity to question the experts from the floor.

WHY THE STEEL INDUSTRY CANNOT PAY INCREASED WAGES NOW

Steel Prices were frozen by OPA at Pre-War levels— Costs have soared—Many steel products now sell at a loss— Answer to present wage demands depends on steel price policy of OPA.

TODAY, because of government-controlled prices and high costs, many steel products are being sold at a loss. That is why the steel industry cannot now pay higher wages.

A demand for a general wage increase of $2 a day has been made by the United Steelworkers of America - CIO. In presenting this demand, Philip Murray served notice that this demand was not subject to "dickering or compromise." To enforce this demand, strike votes are being taken this month in the steel industry. Any general stoppage of steel production would be a calamitous blow to reconversion.

Increased wages cannot be paid out of thin air. Proceeds from sales of steel provide the only fund out of which wages can be paid. Today the ceiling prices imposed by OPA do not provide a sufficient return to pay current costs of steel operations, let alone any increase in wages.

Present OPA ceiling prices for steel products are generally less than steel prices in 1937. However, labor and other costs in the steel industry have gone up tremendously. These ever-mounting costs have squeezed out virtually all of the profit originally contained in pre-war steel prices.

Accordingly, today steel producers are entitled to substantial increases in these ceiling prices. Many months ago they asked OPA for such price relief. OPA has not acted.

Collective bargaining conferences between steel producers and the Union have already been held. Nothing can be accomplished toward negotiating any wage increase until OPA performs its statutory duty. Under act of Congress, steel producers are entitled to ceiling prices which yield on each product a profit equivalent to that of the base period, established by OPA as 1936-1939.

Wages in the steel industry do not need to be further advanced to keep pace with increases in the cost of living since January 1941. Increases in average straight time hourly earnings in the steel industry, (without overtime) between January 1941 and August 1945 rose 34 percent, or more than the advance during this same period in the U. S. Department of Labor index of the cost of living.

Today steel workers rank among the highest paid wage earners in American industry. In August 1945, average straight time pay for steel workers was $1.15 an hour, without counting overtime pay. The end of the war has not eliminated all overtime in the steel industry, and a considerable period of time may elapse before the industry fully returns to a normal 40-hour work week.

Until OPA authorizes fair prices, nothing can be settled through collective bargaining.

Reunion at Birthday Party

Miss Loretta Lewis of Niles celebrated her twentieth birthday on Saturday, November 10. Those who helped make the evening a pleasant one, in addition to members of the family, were the following guests: Mrs. Hal Burns, Mr. and Mrs. J. Andrade and son, Donald; Mr. and Mrs. J. Souza and daughter, Judy; Miss Alice Duarte, Mrs. Louise Duarte, Mrs. Angie Vargas, Lt. Melvin Leal (Enlisted Reserve) and Mrs. Leal, Flight Officer Bill Pine, Lt. Vernon Vargas, and Flight Officer Kenneth Calhoun.

The highlight of the evening was the getting-together of the three officers, Lt. Melvin Leal, Bill Pine and Vernon Vargas for the first time in two years. They all entered the Air Corps on the same day, April 21, 1943, but were separated shortly afterwards, during the course of their training.

Joseph Shinns Married 40 Years

Celebrating Mr. and Mrs. Joseph Shinn's fortieth wedding anniversary, a family dinner party was held at the Shinn home last Sunday. Those attending were Mr. and Mrs. Joseph Shinn Jr., Mr. and Mrs. Frank Solinsky of Sutter Creek, and Mr. and Mrs. Leonard of Los Altos, and all the grandchildren. Mr. and Mrs. Solinsky (Betty Shinn) were down here not only to attend the Shinn anniversary celebration but to attend the Saturday night wedding of Mr. Solinsky's brother who was married to the former Charmian Chandler in San Francisco.

Mrs. Flora Hodgkins Has 86th Birthday

Mrs. Flora Hodgkins of Irvington was the honored guest at a dinner party given by her nieces, Mrs. Earl Coleman and Mrs. Bertha Gessner at the Coleman home in Irvington last Saturday evening.

It was Mrs. Hodgkins' 86th birthday.

Present at the party were her sister and brother-in-law, Mr. and Mrs. J. D. Jones of Hayward, who are also octogenarians, having passed their 83rd birthdays. Also present were Mrs. Coleman's husband, Mr. and Mrs. George Scamman and daughter Virginia, and Mrs. Rebecca Hodgkins.

Pugmires Come And Go

Mrs. Olive Pugmire, who has been visiting her mother in Redondo Beach for the past 10 days, is expected to return in time to take over her duties as noble grand at tonight's meeting of the Rebekahs.

Mrs. Pugmire's daughter and her husband, Mr. and Mrs. William Alsop, are again in Niles after an extended visit in Salt Lake City. They plan to settle permanently in Niles.

Visitor at Sousa Home

C. L. Thomas, A.M.M. 3/c, returning from Hawaii, stopped in Centerville to visit Mr. and Mrs. Phillip Sousa. Thomas has been with Mrs. Sousa's brother, Anthony A. Avilla, A.M.M. 3/c, for a year in the Islands.

They are connected with the Naval Air Transport Service. Thomas is awaiting his discharge so that he can return to his wife and daughter in Ohio.

Visitors at Stearns Home

Visiting at the home of Mrs. Rose Stearns last Sunday were her sister and brother-in-law, Mr. and Mrs. B. F. Becker of Sacramento, and her nephew, Norval Phillips and his wife, also of Sacramento.

Phillips had returned from three years in the South Pacific with the Seabees only last Friday.

Visit in Palo Alto

Mr. and Mrs. Sydney Carr of Niles went to Palo Alto Sunday to visit with their son and his wife, Mr. and Mrs. Wesley Carr. They were accompanied by Mr. and Mrs. J. D. Siler.

Mrs. Corey Visits

Mrs. Myrtle Corey, formerly of Irvington and now of Portland, Ore., was a visitor this week at the home of Mrs. Henry Mau.

She is staying temporarily in Oakland, but will return soon to make her permanent home in Portland, where her two daughters live.

Commute to Alameda

The Misses Beverly Adams and Maxine Mau are commuting to Alameda together. They have recently taken positions with the Naval Redistribution Center.

Los Angeles Visitors

Lt. Commander W. A. Saleeby of Los Angeles was a recent dinner guest at the home of Mr. and Mrs. J. A. Kirkish of Centerville.

Stork Shower For June Santos

On Wednesday, Nov. 7, Lorraine Santana of Irvington gave a surprise baby shower for her sister, Mrs. June Santos of San Jose, at the home of the girl's mother, Mrs. J. Santana of Irvington.

The centerpiece for the table consisted of a pottery buggy filled with baby pink roses and a little boy at one end and girl at the other. There was a beautifully decorated cake with "Good Luck Sis" across the top.

Present were Margaret Reichmuth, Mary Ann Rebello, Marjorie Silva, Lillian Jorgensen, Buena Bibby, Mrs. J. Santana, Lorraine and June.

The gifts received were all very lovely. Salad, sandwiches and all the trimmings were served.

Van Ophems Entertain For Chaplain Seccombe

Entertaining at dinner last Monday evening for Chaplain and Mrs. Alfred Seccombe, who are leaving Niles for their home in Washington, D. C., were Mr. and Mrs. Jean Van Ophem. Besides the honored guests, Rev. and Mrs. D. Q. Grabill and Mr. and Mrs. Fred Duffie were also present.

Chaplain Seccombe received his honorable discharge from the Navy only last Sunday. He and Mrs. Seccombe have been making their home in Canyon Heights.

Joe Shinns, Jr. Leave for East

Mrs. Allen Shinn entertained at luncheon last Monday in honor of Mrs. Joe Shinn Jr., who left this week with her husband for Peru, Indiana, to visit relatives. This is their first trip to Mrs. Shinn's home town since before the war. They expect to be gone approximately a month.

N. Y. Visitors Enjoy Newark Hospitality

New York visitors, Mr. and Mrs. Thomas Hit and Mr. and Mrs. Willis Simons, who arrived Friday to visit Mr. and Mrs. George Butler of Newark, were highly impressed by California in general, and particularly the hospitality they received at the hands of their Newark friends. They left Wednesday, after a very enjoyable time.

Attends Hayward Dinner

Mr. Dan Marble of Niles was one of the guests present at the steak dinner given last Friday by Jack Holland of Hayward at the Green Shutter Coffee Shop. The occasion was a get-together for the men in the oil business with whom Mr. Holland is associated.

Los Angeles By Air

Mrs. Flora Conner of Niles came back from her week-end trip to Los Angeles via air, brimming with enthusiasm over the advantages of air travel. She flew both ways, leaving Friday and returning Monday. While there, she stayed with friends in the San Fernando Valley.

Dinner Party

Mr. and Mrs. Jack Rees of Centerville were hosts at a dinner party last Saturday evening, with the following guests present: Mr. and Mrs. Francis Bowen of Hayward, Mr. and Mrs. Dwight Thornburg, and Mr. and Mrs. Tom Robbins.

Oregon Visitors

Recent house guests at the home of the Harvey Grangers of Decoto were Capt. and Mrs. Fred Hyde of Klamath Falls, Oregon.

Mrs. Sloan is Founder of Club

Mrs. W. A. Sloan attended the annual business meeting of the Chi Sigma Phi Corporation on November 11. This is the present name of the Housekeeping Club started in 1900 by Mrs. Sloan, Florence Hudson Hatch, Lillian M. Durkee, and others. Its first name was "Enewah."

In the course of years, there have been several changes and several moves, but at present the organization owns its own home and has a long waiting list of those who would like to join it.

The present house club, "Beaudelaire," as the girls have named themselves, has achieved high scholastic honors, and when freshmen do not appreciate their duties, they are firmly, but kindly made to understand their responsibility, because the club girls have the ambition to capture the cup given for the best scholarship once more which will give them the cup permanently.

Mrs. Sloan was appointed assistant editor of the yearly club publication, which appears in the spring time at the time for the annual formal tea of the Corporation of Chi Sigma Phi.

17th Anniversary Is Feted

Relatives in Niles of Mr. and Mrs. Ed Olsen of Oakland attended the 17th wedding anniversary of the Olsens at their home last Sunday evening, November 11. Among those who enjoyed the dinner party were E. M. McCarty and wife, A. V. Hill (Mrs. Olsen's brother), Mrs. C. L. Hill (her mother), and her sister, the former Mrs. Mae Joy who was married last May in Modesto to Wilson Bowers of Niles.

Mr. and Mrs. Olsen received many gifts and the congratulations of their many friends.

Long Beach People Buy in Canyon Heights

Mr. and Mrs. Ray Colwell have bought the Seccombe home in Canyon Heights and will take occupancy this week-end. The Colwells, with their four-year-old daughter, formerly lived in Long Beach. Mr. Colwell is employed at Kimber's.

Shinns Visiting

Mr. and Mrs. Joseph Shinn have gone to Sutter Creek in Amador county to spend Thanksgiving with their daughter and son-in-law, Mr .and Mrs. Frank Solinsky.

Home from Berkeley

Miss Agnes Raymond, who is employed by Safeway in Berkeley, spent last week-end with her parents at their Irvington home.

Alvarado School News

By Gilbert Cicairos

BOYS' CLUB NEWS

The meeting was called to order by President Vernon Machado.

The purpose of the meeting was to choose a new sergeant-at-arms. Glenn Bachelder was elected. We also chose new team captains and sides Vernon Machado and Benito Garcia were elected as team captains. Vernon's side's name is "Fleet City" and Benito's is the "Trojans."

We had a football game with Newark. The A team won 6 to 0; the B team beat 42 to 0.

We also had a game with Irvington, the A team winning 6 to 0, while the B team's score was 0-0.

Presbyterian News

The ministers of the Presbyterian Larger Parish of Washington Township will exchange pulpits next Sunday. Mr. R. Lewis will be at Newark; Mr. D. Jacobson at Centerville; and Mr. J. M. Brown at Irvington.

There will not be a Thanksgiving service November 22, but our members are urged to attend the service at Saint James Episcopal Church, to be held at 10:30 a.m. Many have shown their thanksgiving to God by sharing their clothes, shoes, etc., with the needy of Europe, but there is still another week before the deadline. If anyone can spare these items please call Newark 2031.

It costs about three cents a mile to operate a medium sized auto, including operating and overhead, and allowance for depreciation.

TOYON TO EXHIBIT DOLLS AT CLAREMONT HOTEL

The Toyon Branch of the Children's Hospital announced this week that it is planning a fine doll exhibit that will be a part of the annual exhibit tea given by all the branches, to be held this year on November 20 at the Claremont Hotel.

Mrs. Paul Garcia of Decoto, who has been exhibiting her exquisitely dressed dolls at the Niles Furniture Company, has consented to allow the Toyon branch to place her dolls on sale at the exhibit. Mrs. Garcia's dolls, all clothed in beautiful hand-stitched garments, are said by those who have seen them to surpass in beauty the well-known Story-Book dolls that are so popular.

Mrs. Garcia has also dressed for the exhibit Mrs. Cushman's doll, which she gave to the Toyon branch. The doll is over 30 years old.

In charge of the Toyon exhibit Tuesday will be Mrs. Robert Blacow and Mrs. Elmer O'Connell.

LADIES AUXILIARY OF IRVINGTON TO BE FETED

The wives of the Irvington Fire Commissioners have invited the members of the Ladies Auxiliary of the Irvington Fire Department to a dinner at the International Kitchen on November 28. It will, according to the announcement, be strictly a ladies' night.

The invitation was made known at the regular meeting of the Auxiliary held last Wednesday evening at the Irvington firehouse. Mary Rose and Pearl Guardanapo had charge of the refreshments for the evening.

SCOUTS RECEIVE GIFT OF MONEY

The Niles Boy Scouts this week received $25 from the proceeds of a dance given recently by the Progressive Club. The Niles Cub Scouts also received $25.

The Scouts sent their $25 to the Friendship Fund, which is established for the purpose of sending money to Scouts in war-torn countries.

KNIGHTS OF COLUMBUS RESUME FESTIVE PARTY

For the first time since the start of the war, the Knights of Columbus will hold their big Tom and Jerry and Linguista party. The party will be held in the hall at Centerville on December 13.

In addition to the members, which number 85, several out-of-town dignitaries are expected to attend. L. A. Mayer has charge of arrangements.

RAIN STATISTICS

Up to eleven a.m. Thursday morning, we had, in this vicinity, 2.72 inches of rain this season, according to the gauge at the Southern Pacific office. The way it was coming down at eleven, however, a couple of more inches may be added by the time you read this paper.

According to last year's records, we had over three inches of rain this time last year.

be fully told. It is a matter of recorded history, however, that the mechanical might of the Aviation Engineers in far-flung battle areas constructed our bases from which were launched the many knock-out punches against our enemies.

—V—

Lt. Commander LEWIS MUSICK arrived home Tuesday on the USS Pierce. He has applied for inactive duty.

—V—

Capt. EUGENE GRAU, after a 45-day leave, left Wednesday for Breckenridge, Kentucky, where he will be stationed until he receives his discharge, sometime in the near future.

—V—

Lt. VERNON VARGAS has returned to Childress, Texas, following a 10-day leave spent with his mother, Mrs. Angie Vargas, in Decoto.

—V—

CLOISE VAN CAMP, the son of Mr. and Mrs. Roy Van Camp of Tennyson, has been out of the Army for a week, following his discharge from Camp Crowder, after serving for three and a half years in Alaska. He had been in the Army four years and seven months. He and his bride of three months, the former Margaret Treat of Tennyson, were dinner guests last Friday at the home of his aunt, Mrs. Henry Hibner of Niles.

The young couple plan to make their permanent home in Niles.

BLIND VETS 'FEEL' WITH LIGHT BEAM

Ninth Service Command headquorters at Fort Douglas, Utah, today learned of an Army Signal Corps adaptation of electronic principles, Similar to those of radar which, by means of a light, enable blind persons to "feel" obstacles within 20 feet.

"And wine can of their wits the wise beguile,
Make the sage frolic, and the serious smile."
—Pope.

The Mayocks Announce . . .

We are continuing the making of fine quality varietal wines for our discriminating friends.

Our vintage this year was successful in spite of adverse conditions. We have stored for aging and future bottling a substantial quantity of Cabernet Sauvignon which will be marketed as vintage wine, unblended, in the years to come. The grapes from our Mission San Jose and Bonny Doon Vineyards have provided us with our usual fine Burgundies.

We believe in a bright future for special California wines if aged properly in the bottles, and we intend to carry on the ideals of Los Amigos.

We offer for holiday gifts older wines bottle aged in our cool cellars.

Grenache Rose — Case of 12/5's
A light fruity pink wine offered for the first time $12.00*

Sauvignon
A dry Sauterne type 12.00

Cabernet
A blended Claret type 12.50

Burgundy
A blended wine of Charbono and Zinfandel grapes grown in the Bonny Doon District 10.00

Sherry Sack
"... from the Solera of the Proprietor" 15.00

All of these wines are packed in branded wood cases, laid down in insulated jackets, designed for correct storage in home cellars, shipped prepaid to any point in California.

*We are following our usual practice of making special case prices for purchase at the winery.

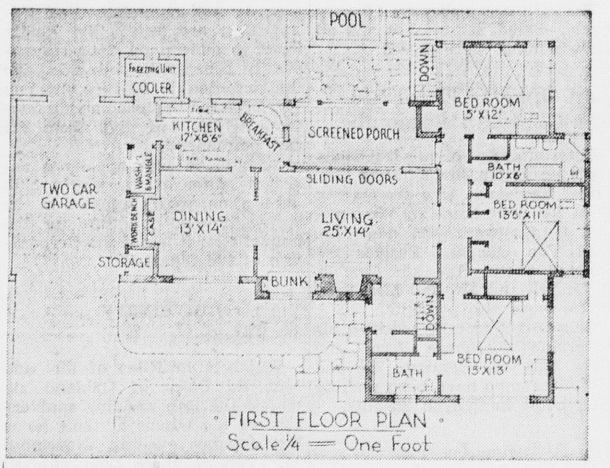
Distinctive Ranch-Style House

The ranch style house, which affords single floor spaciousness with architectural beauty, is gaining wide acceptance among prospective home builders in all parts of the country. A recent national survey disclosed that seven out of ten families prefer to own a home rather than rent, and building authorities predict that when the building boom gets underway by Spring, a high percentage of new and modernized dwellings will reflect the rugged simplicity and charm of the ranch house which had its origin in Texas and California.

The accompanying illustration is an excellent example of a six-room suburban home in the ranch house styling. Its distinguished exterior is highlighted by an attractive roof line. Covered with red-brown or green asphalt shingles for long lasting beauty and fire protection, the expansive roof and sturdy chimney give the house an appearance of "solid comfort."

Unique Room Arrangement

This house, designed for Steve Pennington, Oklahoma City builder, has a unique 3-bedroom, 2-bath arrangement which separates the sleeping quarters from the living area. The combination living room and dining room has an overall length of 38 feet and is 14 feet wide.

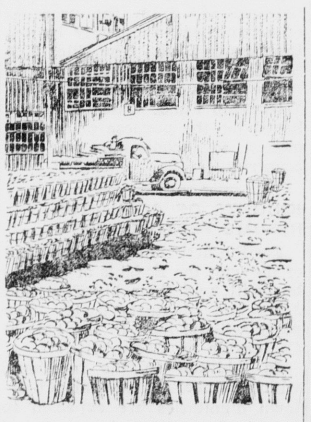


FIRST FLOOR PLAN
Scale ¼ = One Foot

The large kitchen includes a built-in breakfast nook with a circular bench. Space for a sizeable freezing unit and a laundry room is provided at the other end of the kitchen, all within easy reach for maximum efficiency and ease of maintenance.

The screened porch off the living room faces a flag-stone patio for comfortable outdoor living. A recreation room, 14 x 25 feet, may be constructed in the basement.

Designed for a site of at least 100 feet frontage, the house is planned to face west, thus placing all the bedrooms on the south, and the kitchen, breakfast service and living room on the east.



VEGETABLES IN WAR

Vegetables, like grains and meat, do double duty to help bring the war to quick victory. They provide vital food for fighting men and are potential wealth that help make War Bonds the best investment in the world. Ohio produces some 70 million dollars worth of truck garden products, potatoes, tomatoes and the like. Over 5,000 acres in Wood county are devoted to tomatoes, Sandusky county has 1,500 acres in cabbage. The tomatoes sketched above are going into a cannery to add to next winter's food reserve.
U. S. Treasury Department

VICTORY MEDAL

Members of the Armed Forces of the United States or the Government of the Philippine Islands, who honorably served between December 1941, and August 1945, are eligible to wear the new World War II Victory Medal, Ninth Service Command headquarters has learned.

PORTABLE REFRIGERATOR DEVELOPED FOR ANC

A lightweight, portable all-purpose medical refrigerator for storage of wholeblood, biologicals, and perishable drugs or foods was developed for the Army Medical Corps during World War II, the Ninth Service Command surgeon said today at Fort Douglas, Utah.

How can a motor oil save gasoline?

Much gasoline loss is caused by gradual ring and cylinder wear. Gas mixtures then "blow-by," compression is reduced, performance gets rough. RPM Motor Oil slows this wear 'way down — sticks tight on hot or cold metal surfaces, insures cold motors against extra starting wear, protects critical hot spots on long runs. For more mileage, less wear — use Standard's RPM Motor Oil.

NORTHERN CALIFORNIA...hub of the Nation's fastest-growing market
How permanent is the West's industrial growth?
You've heard that the West had its war babies.
It did, but in a far smaller degree than you might have imagined. Actually, the greatest part of its spectacular wartime industrial and population expansion was solid growth.
And the West, always a premium market, will emerge from reconversion far richer, far better balanced than ever before.
In a recent poll of top Western management, for example, 48% of the key executives interviewed said they expected to provide more employment after the war than before, and only 5.6% said they would provide less.
Fully a third of these executives said their peacetime employment would be even larger than it was during the war.
In general, 100 Westerners buy as much as 130 average Americans. Per capita income is higher in the West than anywhere in the country, per capita sales are $647 compared to a national average of $490.
If you are planning to open a business to serve this market and the billion customers who live in the lands around the great Pacific Basin, investigate the advantages of Northern California. The Pacific Gas and Electric Company will help you in every way possible.
Northern California...industrial center of the New Pacific World
PACIFIC GAS AND ELECTRIC COMPANY
P. G. and E. engineers will help you locate your plant
A well-trained Pacific Gas and Electric Company engineering staff has been built solely to help industrial firms learn the facts about locating in Northern California. This staff works closely with established agencies throughout the entire area, and its service includes at no charge—
A thorough study of available sites, photographs, maps, aerial perspectives.
Complete information on environment, transportation, drainage, trucking and freight rates.
Estimated cost of property, of any necessary improvements of power and other utilities.
For more information, or assistance of any kind, write Pacific Gas and Electric Company, San Francisco 6, California.

THE NATION'S FASTEST-GROWING MARKET
—based on permanent industrial growth!

Northern California and the West have much to tell and show the Nation. In Northern California particularly, the spectacular wartime industrial growth has been widespread and diverisfied. Yet this area has had few war baby industries to impede immediate reconversion to its postwar economy.

The industrial West and the potential markets surrounding the hub of Northern California are rich in opportunity.

Every community in Northern California has a stake in the busy future that is starting now. Business and industrial leaders in the East have many plans for Western expansion. Your gas and electric company is working to help them and to help your community.

The advertisement reproduced above, is the second in a series of national advertisements to attract new business and industry to Northern California. This national advertising campaign reaches the more than 5,450,000 readers of—TIME, SATURDAY EVENING POST, WALL STREET JOURNAL, NEWSWEEK, FORBES and UNITED STATES NEWS.
